Mt. McCloud reported that there had been trouble with the common lock of 7 & 8 Beech and it had been repairs.

McCloud reported that he had had discussions with the freeholders regarding the parking for 8 Sycamore. It turns out that the hatched area in the carpark was originally the parking space for 8 Sycamore and is written into his lease. At present the parking space designated to him is one of the visitor's parking space. It is believed this arrangement was put in place at a time by the original owners and directors as a measure to make the car park more user friendly. MGH have decided that they cannot vary his lease as every other lease would need to be altered.

Meeting closed at 7.50pm
